It Will Be an Easy Schedule With Long Stand at Home Against Western Teams-Giants Would Have Easier Time in World's Series if Cleveland Won Pennant.

> By John J. McGraw, (Manager of the Giants).

HE teams in the two big leagues are now stringing out in about the order they will finish. Here and there some changes in the appearance of the table of the standing of the clubs may develop before the end of the race, but nearly all the important positions in it have been spoken for and reserved.

It is now apparent that the Glants and Athletics will take the championships in their respective leagues, as both have good leads. These two clubs have had to travel over some thin ice during the past month and a half. I don't mind admitting it now. But neither one of the pursuing teams was able to take advantage of its opportunities. The Athletics face an easy schedule with the West-

erners from this point to the end of the race, with a long stand at home, while the Cleveland club is travelling and meeting the stronger Eastern teams. It doesn't seem to me that the Naps have a chance. They passed up their big opportunity when they fell before Boston and Washington after taking three out of four from the Athletics in

chance. They passed up their big opportunity when they fell before Boston and Washington after taking three out of four from the Athlettes in the last series and putting themselves linto the race.

Personally, I would just as soon have seen the Cleveland team win for many reasons. One is that the city has never worn a pennant, and such a malden town generally turns out big when it does get a world's champlonship battle staged in its park. There would have been a lot of money in that Cleveland series, possibly more than will be attracted to the Philadelphis gate, as the residents of the Quaker City are beginning to take the Athlettes, victory each season as a matter of course now, since they have won two world's championship in three years. They only complain if the Athlettes don't repeat.

Manager McGraw and the Giants Had Nothing to Do With the Protest of the Final Game With the Phillies, It Being a Question Entirely Beween the Philadelphia Club and Mr.

By Bozeman Bulger.

REGARDLESS of what may be the outcome of technical termination of the last game between the Giants and the Phillies, a piece of inexcusably bad judgment must be charged to Charlest Dooin. By a mere nod of his head Batteries—Packard, Brown, Clark and 0 he could have saved the forfeited game for the Phillies and prevented all the 0 trouble , esulting from Umpire Brennan's decision. Of course, there were two Giants to be put out, but, according to the way Chalmers was pitching, it is not reasonable to suppose that they would have made three runs and won the game.

DOOIN ALLOWED HIS TEMPER TO LOSE GAME FOR HIM.

When the fans crowded into the forbidden section of the stand in the last including and insisted on annoying the batters by waving papers and hats, the umpire asked the Philadelphia club to have them removed. Doolan, the acting manager, refused, and when an appeal was made to Manager Doolan, who sat in the stand, ly and Cady. Dooin had to do was to walk across the field and ask the crowd to go back their seats, and, knowing that if they didn't it would cost the Phillies the game, they undoubtedly would have done so. The trouble was that Dooln, still indig-nant about having been put out of the game, got his Irish up and allowed his

LOOKS LIKE GIANTS WILL AT LAST WIN A DECISION.

Manager McGraw and the Giants had nothing to do with the protest and took no part in the argument whatever and wisely kept to the bench. It was a question entirely between the Philadelphia club and Mr Brennan. For this reason it is believed that Philadelphia will lose out in the protest to President Lynch. It is a question that comes under the rule of the umpire being master of the field, and among baseball people there appears to be no doubt but that Lynch will uphold Brennan.

YES, IT MIGHT HAPPEN IN WORLD'S BERIES.

It is unlikely that the Philly-Giant protested game will have any bearing on the pennant race, but it will be a good thing to have the matter settled as a precedent to guide officials in the future. Both Breunan and Eason say the rule precedent to game on the question, and they are backed up by the fact that it was agreed before the beginning of the game that no spectators were to be allowed in the particular section of the bleachers that caused all the trouble

BOSTON BRAVES BRIM FULL OF FIGHT THESE DAYS.

The Giants are in safe territory now and will go right on about their business of grabbing the flag. Two games with the Braves today ought to shape things up pretty well for the end of the week. Mind you, however, these Braves are not to be trifled with. By their double victory Katurday they have tied the Superbas for Afth place, and the chances are that Stallings will lead the second division at the end of the season.

GIANT WALLOPS GETTING SCARCE.

To increase their lead, even though they have to face second division teams for a week, the Giants will have to improve in their batting. For a week these averaged but a little more than two runs to a game, and that is not much nourishment for a champion. After Chalmers went in to pitch in the fourth inning Saturday they didn't get a man to first base. Though the Phillies hit Matty hard in two innings, it was wretched fielding by New York that enabled them to get in the lead.

PHILLIES' PRESIDENT LAYS **COMPLAINT BEFORE LYNCH**

Dooin Cites Reason Why if Forfeiture Goes, Previous Games Should Be Thrown Out.

PHILADELPHIA, Sept. 1.-William F. Baker, Acting President of the Philadelphia Club, expects to lay before President Lynch of the National League te-day the local club's side of the trouble at the ball grounds here last Saturday when Umpfre Brennan for-felted the game to New York. The forfeiture was made because the Phila-delphia club failed to remove from a section in certre field spectators who, vision of batamen and umpire. Man-ager Dooin, who is in Brooklyn with his team, may also see the league Presi-dent. Philadelphia's formal protest against the loss of the game has already been forwarded to league head-

quarters.

Manager Dooin called attention to the fact that spectators occupied the same centrefield seats the day Chicago won a double-header from Philadelphia and also on the day Pittsburgh took two games from the Phillies. Umpire O'Day officiated behind the plate is Chicago double-neader, and Brennan called balls and strikes in one of the Pittaburgh games, but neither objected to spectators sitting in that part of the bleachers, according to Dooin. He said that if Saturday's forfeit stands because of the spectators sitting on a line with the batters, then the double-headers won by Chicago and Pittsburgh from Philadelphia should also be thrown out for the phia should also be thrown out for the
